Question. In the config can u make it so chest randomly generate in the wilderness? You probably can but my mind just went blank. xD

The goal of uChests is to be able to give people uChests or give players the ability to request uChests. I've updated it to 1.4 which allows API access for other plugins. To answer your question, no, you can't have them randomly generate in the wilderness. It's not that type of plugin AustinPilz, Nov 25, 2015

Colezz said: † Ok thanks for the reply. If you have any other feature ideas, please let me know! I'm always looking to improve my plugins in any way possible

@AustinPilz Will do 🙂

AustinPilz, Nov 29, 2015

Colezz @AustinPilz I have a new plugin idea hopefully it can be free called hacker mode basically just random Teleport etc search on Google maybe. Again just a suggestion 🙂 Colezz, Nov 30, 2015

@AustinPilz I have a new plugin idea hopefully it can be free called hacker mode basically just random Teleport etc search on Google maybe.

Again just a suggestion 🙂 A plugin like that doesn't already exist. I can see what I can do about creating one. What features should it have? AustinPilz, Nov 30, 2015
